

COMMUNITY BASED IMMUNIZATION – ACKNOWLEDGMENT OF UPDATE*

I acknowledge that I have read the Interlake-Eastern Regional Health Authority Community Based Immunization update package.

I understand that this is a requirement prior to being able to work any shifts as an Immunization Nurse.

I further acknowledge that I was informed of additional learning opportunities available on-line as follows:

- “Immunization Competencies Education Program” – co-sponsored by the Canadian Pediatric Society, the Public Health Agency of Canada and Health Canada. This is available on-line at www.advancingpractice.com
- Interlake-Eastern RHA Immunization Manual – available through the following link: [Interlake-Eastern RHA Immunization Manual 2012](#)

I also acknowledge that I was informed of the opportunity to direct any questions that I may have had with respect to the Refresher package information to Melody Hawryluk, Immunization Coordinator.
