

# Palliative Care Education

LEAP Paramedic is a blended learning program that features a combination of 6-8 hours of online learning and 6 hours of face-to-face discussions.

This interactive course teaches the essential practical knowledge, attitudes, and skills to provide a palliative care approach and links learners to local palliative care resources to allow learners to provide palliative care on-site.

## Who is it for?

LEAP Paramedic is ideal for paramedics and Emergency Medical Service professionals.

## Course Features

- 6-8 hours of online learning
