INDIGENOUS FOODS AND RECIPES

Food creates connections, sparks memories and bridges gaps. Tastes and aromas can bring us home and foster ties to our family, community and ancestors.

The Recipe of the Month club is looking for input from YOU!
Do you have a favourite traditional indigenous recipe?

Send it to the community wellness program at
wellness@ierha.ca and your recipe may be featured in an
upcoming Community Wellness e-newsletter!

Feel free to include what makes it your favourite. Can't wait
to hear from you!

Health Canada's [Tools for a Smoke-Free Life](#) campaign launched in mid-November.

The campaign encourages adults who smoke, aged 35 and over, to learn more about the array of tools and supports that can help them quit smoking. The campaign features a variety of empowering testimonials from people who have successfully quit smoking. The messaging reinforces that quitting is possible and that combining effective approaches improves one's chances of success.

La campagne [Les outils pour une vie sans fumée](#) de Santé Canada a débuté en mi-novembre.

La campagne encourage les adultes qui fument, âgés de 35 ans et plus, à s'informer sur la gamme d'outils et de soutiens qui peuvent les aider à arrêter de fumer. La campagne présente divers témoignages encourageants de personnes qui ont réussi à arrêter de fumer. Le message souligne qu'il est possible d'arrêter de fumer et que la combinaison d'approches efficaces augmente les chances de réussite.

What happens when you call 9-8-8?

You will hear a short recorded message

To let you know you are in the right place.

You will hear a few short questions

Including whether you'd like to speak to someone in English or French.

You will connect to a trained responder

If you need to wait for a short time, please stay with us – we will answer your call.

The responder will listen without judgment

Whatever you're facing, the responder you connect to will give you space to talk through your problems, and help you find ways to keep yourself safe.

**If you're thinking about suicide or
worried about someone you know,
9-8-8 is here for you, 24/7/365.**

COMMUNITY PARTNER EVENTS

Whether you've been newly diagnosed with a health condition or chronic disease that you want to manage, or your desire is to maintain, or even improve health to prevent future, or further health concerns, this 7-module program will support you to:

- reflect on various lifestyle factors that impact your health
- identify potential areas you want to try to do differently;
- add movement into your day; and
- provide strategies to sustain your changes over time.

Developed by regulated health professionals

Movement Series

Welcome to the [movement component](#) of Well4U. Before you begin the movement module or any new exercise program please ensure you have reviewed the [before you begin module](#) and have filled out the [Get Active questionnaire](#). If you have any questions or concerns, please contact your health care provider and/or qualified exercise professional before beginning.

The movement section has been created with people new or newer to exercise in mind. You will need the following:

- To wear comfortable clothing that you can move in
- To wear proper athletic shoes for light exercise
- Have water and a towel nearby
- You may want a chair close to you to use for balance or seated exercises
- If you choose to use hand weights, have a light pair ready.
- If you do not have hand weights you can use water bottles or soup cans.
- If you choose to do floor exercises you may want a mat to lie on

Finally – remember to work at your own pace, take breaks as you need. You do not have to do all the movements as presented or stay on the beat of the music. Remember to drink water throughout the movement module. If you experience faintness, dizziness, pain or shortness of breath at any time you should STOP immediately.

Grief Support Groups

This program offers a safe environment where grieving individuals can speak openly about their feelings. Please note that this is not a crisis or professional service, but rather a friendly support program, led by trained volunteers.

While some degree of memory change is a normal part of aging, research shows there are effective strategies and skills you can use to help you remember the things that are important to you. Does this sound familiar?

- Did I turn off the stove?
- Where did I put my glasses?
- What was I about to do?
- When is his birthday?
- What was it that they told me the other day?

Please join us at the **Gordon Howard Centre 384 Eveline**

Street in Selkirk. You will understand what memory is and how it changes with age. Uncover which factors can impact your memory for the better or for the worse. Explore lifestyle changes that can help improve your memory. Practice memory strategies. Improve your ability to recall everyday things. Build confidence in your memory. The program was developed for older adults but adults of all ages are welcome to attend. If you are experiencing normal age-related memory changes, or want to learn to protect and improve your brain health, join us.

Sessions are Wednesdays May 1st 8th and 15th 2024 10:00 am to 11:30 am in the Gordon Howard Main Floor Boardroom. Space is limited so register soon.
