

POSITION DESCRIPTION

POSITION TITLE:	OCCUPATIONAL THERAPIST
DEPARTMENT:	PRIMARY CARE
CLASSIFICATION:	OCCUPATIONAL THERAPIST
UNION:	MGEU – TECHNICAL PROFESSIONAL

REPORTING RELATIONSHIPS

POSITION REPORTS TO: Manager Health Services - Primary Care

POSITIONS SUPERVISED: NOT APPLICABLE

POSITION SUMMARY

The Occupational Therapist is responsible for the coordination and provision of occupational therapy (OT) services to clients connected to the MyHT communities within the Interlake-Eastern Regional Health Authority (IERHA) in collaboration with the multidisciplinary team and external agencies/services. The primary goals are the promotion of health and preservation or restoration of function needed by individuals to maintain or increase independence within their home or community, as well as providing assessment, intervention and ongoing evaluation to neurodivergent clients and families. The OT practice will be based upon a client centered approach that emphasizes the involvement of clients in defining what optimal health and functioning means to them. The incumbent may contribute to research. The incumbent demonstrates professional responsibility and accountability. The position of Occupational Therapist functions in a manner consistent with, and supports the Mission, Vision and Values of the Interlake-Eastern Regional Health Authority.

ESSENTIAL FUNCTIONS AND DUTIES

Function and duties include but are not limited to the following:

- Accepts, organizes, prioritizes, and schedules client referrals from MyHT providers, clinicians and community partners within the IERHA, for the efficient delivery of services.
- Understands and is sensitive to the needs of a diverse population and adjusts interactions appropriately to foster fair treatment and opportunity for all.
- Competent in assessment, intervention and evaluation of care plans for the neurodivergent client. Provide recommendations/strategies/adaptations for school, daycare and home to address sensory processing, behavior regulation and arousal, including attention difficulties.
- Assess fine motor skills, gross motor skills, visual perceptual skills, sensory integration, executive functioning and self-care skills.
- Assess, recommend and develop interventions to maximize the client's ability to perform ADLs and remain safe and independent in the community. Assess seating, ambulation, transfers, cognitive capacity (MMSE), specialized support and community services available.
- Applies clinical skills and knowledge in the assessment of the client's skills, functioning level, and abilities and in collaboration with the client/family develops an individualized treatment plan that incorporates training and education towards self-care, where possible.
- Investigates and explores alternative resources to meet the needs of the client where applicable.
- Assists clients with the implementation of the treatment plan through education and counseling to the client/family.
- Monitors and evaluates the treatment plan on an ongoing basis and changing client needs.
- Utilizes evidence-based practice and techniques within the scope of OT and critical thinking skills to guide decision making.
- Communicates, consults, and collaborates with other health care professionals of the multidisciplinary team in the implementation of the treatment plan.
- Shares schedules and pertinent information to ensure collaboration.
- Attends care conferences, discharge planning and multidisciplinary meetings on a regular basis.
- Provides education and direction to health care providers who may be responsible for ensuring the treatment plan is followed by clients.
- Documents in a timely manner, following assessment of the client, utilizing the appropriate documentation formats.
- Completes required documentation including statistical reporting, as required and within established timelines.
- Liaises, consults, and exchanges verbal and/or written format with external agencies as it relates to the client's care.
- Maintains confidentiality in accordance with *The Personal Health Information Act* ("PHIA"), *The Freedom of Information and Protection of Privacy Act* ("FIPPA"), IERHA policies, and any other applicable legislation.

- Provides directional assistance for the rental and/or purchase of equipment as determined by the client assessment in collaboration with the client, family, and facility.
- Prepares and provides education to staff as it relates to client care and OT.
- Participates in the orientation and mentoring of therapy support staff, students, and interns.
- Participates in the development of departmental procedures and guidelines, and reviewing and revising as deemed necessary.
- Participates in patient safety and quality risk management initiatives at an individual, program, and regional level, as required (i.e. MSIP, Safe Patient Handling, Fall Prevention, etc.).
- Participates in health promotion activities throughout the region.
- Participates in and demonstrates an understanding of patient safety principles and practices in all daily activities.
- Supports an environment which avoids, prevents, and corrects all activities or actions which may result in an adverse outcome in the delivery of health care services.
- Performs duties in accordance with the standards of Practice and Code of Ethics of Occupational Therapists.
- Assumes accountability for his/her own practice within a legal and ethical framework.
- Identifies and addresses own learning needs through continuing education, clinical research, and/or other academic pursuits at a facility, regional, or provincial level as available.

OTHER

- Performs other duties as assigned.
-
